CIS 623 Exercises 5: Propositions
Complete this by class time Monday February 19

Background Reading

These exercises are based on the first six chapters of *Learn You a Haskell for Great Good*.

Do Problems 4 through 14 in **edinburghTutorial5** on

http://camlback.cs.ucla.edu/

Alternatively, you can do problems 1 thought 8 in:

http://www.cis.syr.edu/courses/cis623/exercises/Tutorial5.pdf

http://www.cis.syr.edu/courses/cis623/code/tutorial5.hs

and use the quickCheck tests in `tutorial5.hs`.

Notes

- The optional problems in `Tutorial5.pdf` are well worth doing, but not required.
